

THE PATH TO RADIANT SKIN.

Described in ancient cultures as a passage or journey,

YANA™ IS THE PATH TO RADIANT SKIN THAT BEGINS FROM WITHIN.

The unique fusion of ancient wisdom, culture and cutting edge technology unveils a new path on the journey to a more youthful, radiant complexion.

In ancient cultures, the tradition of consuming certain foods to rejuvenate the complexion has been practiced for centuries. In Eastern cultures it's widely accepted that those who have extremely collagen-dense diets will also have beautiful skin. Conversely, in Western cultures, many diets are virtually devoid of collagen.

INTRODUCING

YANA™

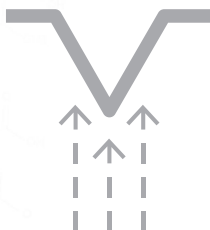

DAILY COLLAGEN SHOTS

THE SECRET TO YOUTHFUL SKIN

YANA™ is a revolutionary, highly concentrated beauty liquid that helps to rebuild and strengthen skin by boosting the body's natural collagen production. YANA™ offers a new approach to skin health, utilizing patented bioactive collagen peptides that have been shown to:

INCREASE SKIN
FIRMNESS*

REDUCE
WRINKLE DEPTH*

RESTORE
HYDRATION*

This product is not intended to diagnose, treat, cure or prevent any disease.

MEET THE INSPIRATION BEHIND YANA™

To discover the inspiration behind YANA™, one doesn't have to look very far. IMAGE Skincare's CEO and Founder, Janna Ronert, radiates beauty from the inside out.

Janna founded IMAGE Skincare in 2003 after years of searching for products that would help soothe her Rosacea. After trying nearly every brand on the market with no success, she decided to formulate her own skincare products with the promise that they would make good on their claims to deliver results. Fast forward 13 years and the company she once operated out of a small apartment in Houston, Texas has grown into a multi-million-dollar global empire.

When you have beautiful skin, it gives you the courage to face the world and relentlessly pursue your dreams. Beautiful skin is what we do here every day, and now we're offering a new way to achieve it.

— JANNA RONERT,
CEO & FOUNDER OF IMAGE SKINCARE

Janna

ARE YOU BATTLING WITH AGING SKIN?

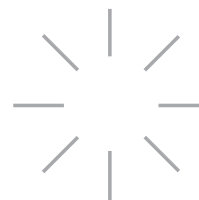

Collagen is the most abundant protein in the human body. It gives the skin its strength and structure. As we age, the amount of collagen in our skin begins to decrease leading to:

FINE
LINES

WRINKLES

LOSS OF
RADIANCE

After the age of 25, we begin losing collagen at a rate of 1% per year. This means the average person has lost almost half of the collagen in their skin by the age of 50.

AGE GROUP	30-40	40-50	50-60	60-70	80-90	90+
APPROXIMATE COLLAGEN LOSS	15%	30%	45%	60%	75%	90%

THE SCIENCE OF YOUTH

EXPERIENCE THE YANA™ DIFFERENCE

The power of YANA™ lies within five innovative ingredient compounds working in concert to form one breakthrough formulation.

HYDROLYZED
COLLAGEN
PEPTIDES

PHYTO-
CERAMIDES

BIOTIN

ULTRA-
NUTRACEUTICAL
ANTIOXIDANT
COMPLEX

PYRIDOXINE
HCL

LUMIPLEX™

A unique fusion of advanced technologies, delivering five powerful restorative compounds into the skin for incredible Age Later® results.

WHAT MAKES YANA™ DIFFERENT IS THE TECHNOLOGY BEHIND ITS UNIQUE FORMULATION

HYDROLYZED COLLAGEN PEPTIDES

Highly effective peptides slow the loss of collagen while simultaneously increasing the body's natural ability to produce more.* In clinical studies, this bioavailable form of collagen has been shown to reduce wrinkle volume, increase elasticity and boost the skin's hydration levels within weeks.**

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

** Clinical data provided by third parties based on ingredients

PHYTOCERAMIDES

Lipids support the skin's structure, contributing to increased firmness and hydration.*

ULTRA-NUTRACEUTICAL ANTIOXIDANT BLEND

The unique blend of hyaluronic acid, green tea leaf extract, organic acai juice and organic pomegranate extract in YANA™ supports skin health while helping to prevent damage caused by free radicals.*

BIOTIN

Often referred to as the beauty vitamin, biotin plays a major part in promoting the overall health of our hair, nails and skin.*

PYRIDOXINE HCL

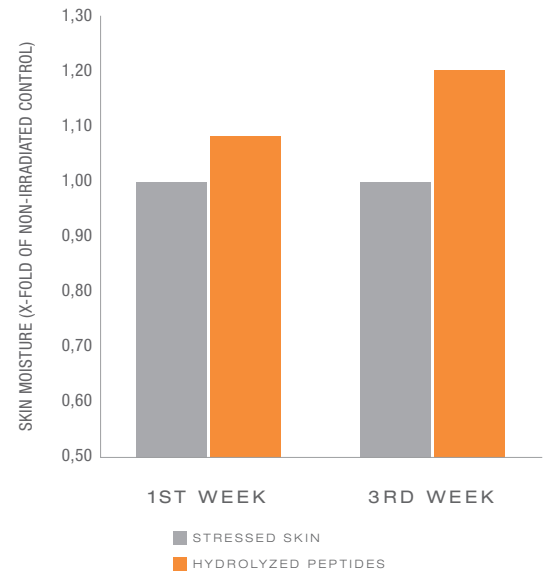

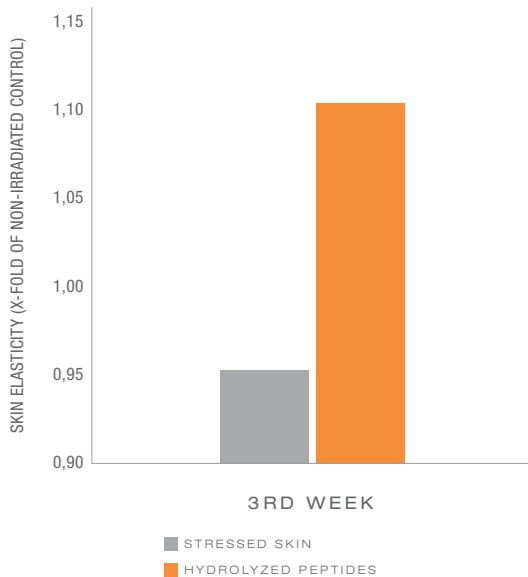

Pyridoxine, a unique form of Vitamin B6, helps maintain a youthful appearance by combating the damaging effects of protein degradation involved in normal aging.*

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CLINICAL RESULTS

Increase skin elasticity by up to **15%** and skin moisture by up to **40%** in just 3 weeks.**

** Clinical data provided by third parties based on ingredients

WHAT MAKES YANA™ UNIQUE

1 **REVOLUTIONARY BEAUTY LIQUID**
works in conjunction with professional topical skincare for a 360-degree approach to skin health*

2 **HIGHLY CONCENTRATED**
beauty liquid allows maximum effectiveness in a small daily dose

◇ Third Party Clinical Study - August 2016

- Clinical study was conducted using Corneometer CM 825 to measure water content of skin and hydration level.
- Clinical study was conducted using Cutometer MPA 580 to measure firmness and elasticity.
- Clinical study included photography for expert grading of skin radiance and Vaestro image analysis (Canfield Visia CR system) of fine lines and wrinkles

Studies show improvement in skin hydration in

100% of participants in 30 days[◇]

Studies show improvement in skin elasticity in

76% of participants in 30 days[◇]

Studies show up to **42%** improvement

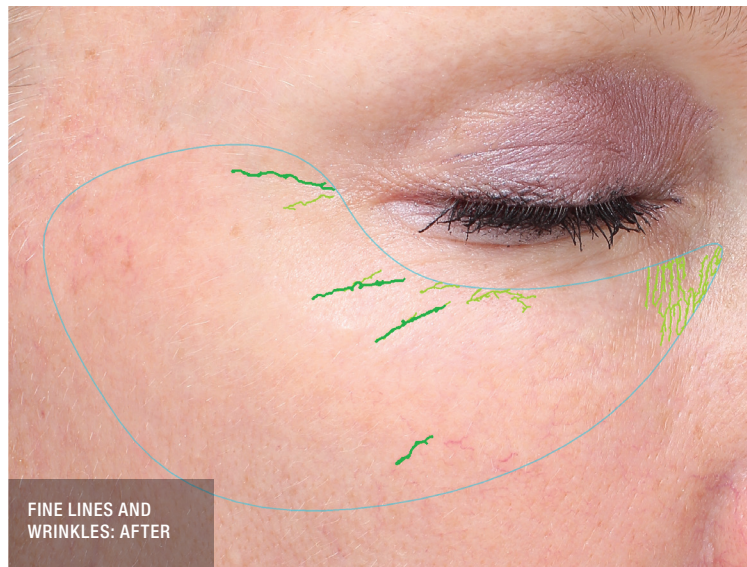

to pore size in 30 days^{◇◇}

◇ Third Party Clinical Study - August 2016

- Clinical study was conducted using Corneometer CM 825 to measure water content of skin and hydration level.
- Clinical study was conducted using Cutometer MPA 580 to measure firmness and elasticity.
- Clinical study included photography for expert grading of skin radiance and Vaestro image analysis (Canfield Visia CR system) of fine lines and wrinkles

◇◇ Internal Clinical Study - April 2016

Studies show improvement in appearance of fine lines in
over **70%** of participants in 30 days[◇]

◇ Third Party Clinical Study - August 2016

- Clinical study was conducted using Corneometer CM 825 to measure water content of skin and hydration level.
- Clinical study was conducted using Cutometer MPA 580 to measure firmness and elasticity.
- Clinical study included photography for expert grading of skin radiance and Vaestro image analysis (Canfield Visia CR system) of fine lines and wrinkles

THE INSPIRATION BEHIND THE SCIENCE

The signs of aging we all experience such as fine lines, wrinkles and pigmentation are all symptoms of cellular processes happening inside the body. European Board-Certified Plastic and Reconstructive Surgeon, Dr. Marc A. Ronert, is no stranger to approaching beauty from a cellular level. An award winning, internationally acclaimed expert in skin health, Dr. Ronert continually breaks new scientific ground as the President of IMAGE Skincare and the formulator behind its innovative products. A graduate of the prestigious Heinrich Heine University in Düsseldorf, Germany, Dr. Ronert infuses German ingenuity into everything he does.

The formulation of YANA™ began with Dr. Ronert's quest to offer a 360-degree approach to the maintenance of beautiful skin. For years, Dr. Ronert and a team of internationally recognized chemists have worked closely with a board of physicians to research collagen supplements and their efficacy, using modern ingredients and technologies while drawing inspiration from ancient Eastern cultures.

YANA™ is the result of IMAGE Skincare's tireless quest for innovation, offering the world a new way to Age Later® by revealing the path to youthful, radiant skin that begins from WITHIN.

*Marc A. Ronert, M.D., Ph.D.
European Board Certified
Plastic and Reconstructive Surgeon*

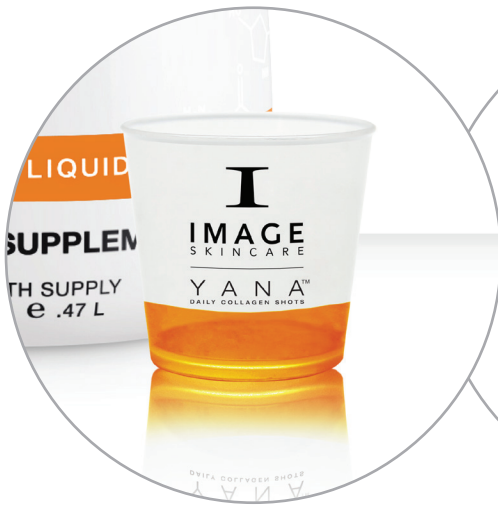

YANA™ IS DESIGNED TO FIT THE NEEDS OF YOUR LIFESTYLE.

- Our 16 fl oz. bottle is perfect for daily use at home or at the office.

16 fl oz – 1 month supply
